AMIT TAREY

Consultant (Performance and Automation Testing)

Result-driven professional with expertise in Performance Testing, targeting assignments in Non Functional Testing/Software Testing/ Test Automation/ Quality Assurance in IT sector with an organization of repute preferably in Pune/ Overseas

✉ ameet.tarey@gmail.com 📱 +91-9340790007 **in** https://www.linkedin.com/in/amit-tarey-222581129

Profile Summary

- Overall 15 years and 5 months of Total Experience with 8.9 Years of Relevant Experience in IT industry

- Expertise in Performance Testing Using Load Runner, Performance Testing Estimations and Automation Testing Using Selenium with C#.

- Hands on experience in Automation Testing (Selenium with Java And Coded UI with C#).

- Possess comprehensive experience in various business domains like Healthcare and Media, Retail and Telecom – CRM

- Proficient in team collaboration and coordination, across onshore/offshore functional testing teams, development teams other verticals to develop and deliver the quality delivery of project

- Knowledge of Performance Testing Tools like Load Runner(12.50, 12.53, 12.55, 12.60 and 12.63), Performance Center (12.55 and 12.60) and Load Runner Test Scripts, C Programming etc. Managed Test Scripts by performing Correlation and Parameterization using VUGen, Executions through Controller and Performance Center and Perform Analysis on Generated Reports.

- Established and enforced Standard Test Processes and Deliverables (including defect management and quality metric reporting) within the gated process to streamline testing and support automation and manual testing efforts

- Monitored testing activities to ensure the quality and functionality of assigned systems; ensured timely and accurate test communication with Development Leads, Project Manager and Senior Management throughout the project life-cycle

- Analyzed formal test results in order to discover and report any defects, bugs, errors, configuration issues, and interoperability flaws; suggested recommendations for improvement of applications to Programmers and Software Developers or Engineers Experience in estimations, Test Planning, Reporting and other test lead efforts.

- Facilitated Release Planning, Sprint Planning, Backlog Grooming, and Retrospective meetings

- Enabled improvement in team delivery commitments and capacity planning for sprints by identifying & tracking hidden tasks that increased customer satisfaction

- Analyzed formal test results in order to discover & report defects, errors, and configuration issues for quality enhancement

- Hands-on experience in software engineering process and lifecycle models such as Waterfall, Spiral & V Model

- Prepared Test Strategy and Test Plan with reference to business requirements

- Involved in preparation of high level and low level WBS (Work breakdown Structure)

- Well versed with all stages of SDLC and STL Life Cycle

- Good Exposure on requirement gathering and streamlining

- Strong understanding of QA principals, QA processes, Automation Testcase Design, Execution and Defect Management using various Automation Tools.

- Strong experience in Automation using Selenium Webdriver, TestNG and Maven

- Currently working on Humana CRM Services Web Automation and Performance Testing Project.

Core Competencies

Performance Management & Delivery Excellence

Client Engagement

Defect Management

Performance Management & Delivery Excellence

Performance and Automation Testing

Agile & Scrum Methodology

QA Plan and Strategy

Software Testing Lifecycle/ Quality Assurance & Control

Risk Assessment & Mitigation

Team Management & Leadership

Work Experience

Sep'18-Till Date with ATOS SYNTEL Pvt. Ltd., Pune as Consultant/GCM 4 (Working as Team Lead as well as handling Performance Testing and Automation Testing stuffs)

Aug'17-Sep'18 – Took Break due to personal reasons.

Mar'17-Jul'17 with Tundra Technical Solutions., Bengaluru as Senior QA Analyst (Worked as Team Lead for handling Testing Project)

Jun'15-Mar'17 with ATS Infotech Pvt. Ltd., Bengaluru as Professional Service Consultant (Worked on Selenium Automation)

Jul'12-Jun'15 with Infosage Systems India Pvt. Ltd., Bengaluru as QA Engineer (Worked on Selenium Automation)

Sep'09-Jul'12 with Binary Infotechnology, Noida as Software Engineer (Usually done Database handling)

Dec'06-Sep'09 with Rolta India Ltd., Mumbai as Design Engineer (Worked on CAD for Electrical Designing)

Roles Across The Career

- Planned test timeline, test cases, designed test environments, and set-up test data to eliminate defects
- Executed test cases based on business/functional specifications and performed sanity, functional, GUI, regression, integration, system, performance, black box, disaster recovery and validation testing
- Established Standard Test Processes and Deliverables for defect management and quality metric reports to streamline testing and support automation & manual testing efforts
- Monitored testing activities to ensure the quality & functionality of assigned systems; ensured timely and accurate test communication with Development Leads, Project Manager and Senior Management throughout the project life-cycle
- Reviewed project test and implementation schedules; monitored, documented, and reported the current status of defects for each testing cycle and overall project to the management
- Prepared, designed and led the Test Strategy and Test Plan for all projects; reviewed activities such as Requirements Review, Design Review, Test Strategy Review and Test Case Review
- Monitored the development progress throughout each sprint to ensure project was within scope and budget
- Conducted user interviews to help identify and understand different process for each user while simultaneously identifying their pain points
- Coached team members on Agile processes and facilitated planning meetings and retrospectives, maintained task board and produced daily burndown charts
- Removed impediments and protected team members from interruptions and distractions to maximize productivity, encouraged and implemented process improvements, and created team-building opportunities
- Identified potential project risks and helped developed a mitigation plan to resolve potential issues
- Managed the insight and opinions of multiple stakeholders and helped to ensure all stakeholders agreed with the current scope and roadmap of the product
- Acted as Team Lead/ Scrum Master for Aspect ViA and executed all phases of software system testing lifecycle, high availability testing, and supported new and existing applications
- Define , develop, execute performance/load tests and integrated them with automated test systems (web client/server).
- Develop and execute performance test scripts for load and stress UI and Webservices testing using HP/MicroFocus Load Runner and Performance Center.
- Execute, monitor, analyze and report performance tests.
- Tested Aspect VIA, a cloud-based application using AWS concepts; worked on Aspect UIP applications like Unified IP Command and Control, Data Views, M3 Scripting, and CXP Scripting
- Created the user stories as per the requirements and assigned the tasks to the team members for development of virtual machines on Hypervisor (ESXi, XenServer and HyperV) and OS installation
- Conducted test planning & analysis, performance, functional and regression tasting operations; managed project right from planning, execution, risk, effort, time and cost estimation in tune with the business objectives
- Monitored defect management through various tools such as Rational Clear Quest and Quality Centre, Jira and TFS

Education

2006: BE (Electrical & Electronics Engineering) from RGPV, Bhopal

2002: Diploma (Electrical & Electronics Engineering) from RGPV, Bhopal

Certifications

- Certified Scrum Master from Scrum Alliance
- Completed Level 1 and Level 2 TOSCA Certification

IT Skills

OS: Windows Server 2012, 2008, 2008 R2, 7, Vista, 8, 8.1, 10, MAC and Safari

Tools: Load Runner 12.50, 12.53,12.55,12.60,12.63; Performance Center 12.55, 12.60; Tricentis TOSCA; Selenium with C#, Visual Studio 2017

Test Management Tools: qTest, ADO (Azure DevOps) Jira, Mercury Quality Centre, Rational Clear

Database: Oracle9i and Oracle10g

Personal Details

Date of Birth: 28th July 1980

Languages Known: English, Hindi, and Marathi

Address: A-103, Runal's Royal Casa, Ravet, Pimpari Chinchawad, Pune, 412101
